Snyder Denies Sending Scranton 'Snub' Telegram

Daily Record Exclusive
GERALD A. Snyder, republican candidate for Monroe County representative in the General Assembly, last night denied he sent a telegram to U. S. Rep. William W. Scranton in which Snyder was quoted as saying, "I know that you did not in any sense snub me . . . the other night at Mt. Bethel."

Snyder won a narrow victory over Clifford Heller in the May 15 primary to win the Republican nomination for the general assembly. Heller had the endorsement of Parke W. Unangst, county Republican chairman.

Telegram Text

As released by Kershing, this is the text of the telegram Snyder is supposed to have sent Scranton and which he now denies sending: "I know that you did not in any sense snub me in my candidacy for the state legislature the other night at Mt. Bethel and I for one am paying no attention to any reports that you did."

"You and I enjoy the most cordial relationship and we both know that this is going to continue. I appreciate the public endorsement you gave my candidacy for the legislature at the Mt. Bethel meeting and it goes without saying that I am 100 per cent behind your candidacy for governor."

"United and strong, our party is marching toward a great victory in November."

Scranton's telegram to Snyder, according to Kershing, said:

"I know, Jerry, that there is no need for me to tell you again of my complete and enthusiastic support of your candidacy for the state legislature. However, for the record let me say once again, as I said publicly in Mt. Bethel the other night, that your election as well as the election of all of the other Republican candidates for the legislature is something I cannot advocate too strongly."

"Your election is vital to the progress of Pennsylvania. You have my unqualified support and endorsement in your campaign for the legislature."

Scranton's assistant at his Harrisburg campaign headquarters sent out a signed telegram to The Daily Record and two other regional newspapers, noting Snyder's appearance of the picture incident and Scranton's "Unity" reply to Snyder.

Estes Depended On Attorney's Action

WASHINGTON (AP)—An Agriculture Department report dated last fall quotes Billie Sol Estes, Texas financier indicted for fraud, as saying that if department officials tried to change the rules on cotton allotments in the middle of the game he would take the matter direct to Secretary of Agriculture Orville L. Freeman and, if necessary, to President Kennedy.

Estes was described in the report as saying he had depended on his attorney, John P. Dennison, and his associates to insure that his operations in connection with transfers of cotton allotments were entirely within the law.

"He (Estes) knew," the report said, "that they had studied the regulations and had made contact with county and state Agricultural Stabilization and Conservation Service (ASCS) officials before any of the transfers were effected."

"He knew none of the details of these transactions, since he did not have sense enough to handle details and left the transactions entirely up to them."

"He was satisfied that they had followed the advice of the ASCS officials and he knew that if these

Copy Of Report Shown

A copy of the report was shown Friday to The Associated Press. The 140-page report previously had been kept under a confidential classification, but copies had been turned over to the Justice Department and to congressional committees investigating the Estes case.

The Justice Department, in turn made a copy available to a Texas grand jury investigating the death last June 3 of Henry H. Marshall, program specialist for the Texas ASCS office. Marshall had been found shot five times with a rifle.

The report is dated Oct. 27, 1961. No date is given as to the occasion when Estes threatened to go to Freeman and Kennedy.

However, on May 10 The Associated Press learned and reported that Estes made a rush trip to Washington last Oct. 18 and threatened at that time to embarrass the Agriculture Department and the Kennedy administration unless an investigation of his cotton planting operations was dropped.

An informant who told of that Estes trip said Freeman never learned of it until April.

The cotton investigation was not dropped and on Nov. 3 the department reached a decision to withhold Estes' allotments for the 1962 cotton crop.

The Nov. 3 action presumably has taken after review of the Oct. 27 report.

Mention Rayburn's Name
The name of the late Speaker Sam Rayburn was mentioned several times in the October report. O. B. Marshall, ASCS county office manager at Greenville, Tex., was described in the report as stating that he (O. B. Marshall) had discussed the situation with Rayburn and had been assured that changes were being considered to strengthen the law.

Estes has sold some of his land to various farmers who had lost land on which they had cotton allotments when this land was taken over by eminent domain. Under the arrangements, these farmers leased the land they had bought from Estes back to Estes and transferred to him their cotton allotments.

Seek 16-Cent Raise
The CTU had been seeking a 16-cent hourly pay raise, as well as other contract improvements. The new contract also will provide a sum of money, Hageman said, equivalent to 3 cents an hour for plant department employees with higher skills.

He said it provides an 11-cent-an-hour increase across the board, 4 cents of which will be effective immediately. This will cover all employees except walking, bicycle and motorcycle messengers.

Another 7-cent hourly wage increase will be effective June 1, 1963. This also will exclude the messengers.

White House Reporter Is Replaced By Machine
WASHINGTON (AP)—Jack Romagna, who has taken down the words of four presidents, was fired Friday as official White House reporter.

Romagna, whose fountain pen raced across notebook pages with shorthand symbols, gave way to mechanized stenographic devices. To replace him in turning out the stenographic transcripts, the White House hired a Washington commercial service, the Alderson Reporting Co.

Press secretary Pierre Salinger, announcing the change, said Alderson would be able to provide more than one reporter to record the variety of events that occur in the White House every day.

The official reporter records and transcribes presidential news conferences, speeches by the chief executive to small groups at the White House as well as his major addresses—and the press secretary's twice-a-day meetings with correspondents.

Romagna, 51, was notified of his discharge after arriving at the White House Friday morning for another day, he said, "of what I thought was a lifetime job."

He had started in 1941, when

Goodman Is Big Hit In Russia

MOSCOW (AP)—Benny Goodman regaled the Russians today with a one-man jam session under the walls of the Kremlin in a stone's throw of Lenin's tomb.

The visiting jazzman also persuaded Soviet composer Aram Khachaturian to write a piece for his orchestra built around the clarinet and trumpet.

And he accepted a bid from Soviet composers to hold a public jam session with Soviet jazz players later on.

Altogether it was a rather frolicsome day for Goodman.

He strolled out into Red Square, right under the Kremlin walls, and there pulled out his black clarinet and began tooting such melodies as are rarely played in these parts, and even more rarely in Red Square.

First it was "Yankee Doodle Dandy." Then he played a few bars of "Moscow Evening," a song known in the West as "Midnight in Moscow."

By that time 300 or 400 Soviet citizens who also didn't remember that they were mighty near the tomb of the father of the Soviet Union, huddled around Goodman.

By Mental Patient

Psychiatrist Killed, Policeman Injured

PITTSBURGH (AP)—A mental patient killed a psychiatrist and wounded a policeman at a Veterans' Administration hospital Friday, then held off some 60 officers for nearly two hours before being felled by tear gas.

Captured unconscious was William Pola, 27, of nearby Wilmerding, a former Marine corporal who was a voluntary patient at the sprawling Leech Farm Hospital in the past.

Dr. Daniel Thaw, 61, was found fatally shot in an office adjoining the one where Pola was captured. Patrolman Horace McDaniel

was hit in the leg by a ricocheting bullet just after police arrived at the hospital.

Police found two pistols—a 38 automatic and a 45 automatic—near Pola when they finally unlocked the door to the two offices on the first floor. It was not barricaded.

Pola had done most of the shooting in the gun battle with police. He was not hit.

Pola steadfastly ignored pleas by a nurse to surrender. Standing a few feet away from the office and around a corner, Mrs. Alta Houser pleaded:

"Bill, don't just sit there biting your lip. Just open the door, kick the gun out and get rid of it. Please, Bill, come out now. I'm out here waiting for you. They don't want to have to shoot you. We can help you once you're out, but we can't do anything while you're in there."

Hospital officials said Pola had been discharged from the hospital against medical advice last April 19. That was the latest of several stays he had made there since being discharged from the Marine Corps early in 1956.

Pola's half-sister, Mrs. Jane Filler of Wilmerding, said Pola had gone for an appointment at the V.A.'s regional office in downtown Pittsburgh.

Eichmann's Body Cremated And His Ashes Scattered

JERUSALEM, Israel (AP)—No punishment could be adequate for this great destroyer, adequate for this great destroyer, adequate for this great destroyer, adequate for this great destroyer.

Thus commented Friday the Tel Aviv paper Yediot Aharonot on the end of Adolf Eichmann—President Izhak Ben-Zvi's rejection of a clemency appeal, the quick transfer of the prisoner from Jerusalem to prison, his last unrepentant words, the springing of the trap, the scattering of his ashes over the Mediterranean.

By word of mouth and editorial, Israelis upheld the midnight execution.

The general attitude seemed to be collective relief, as the nation quieted for the traditional Sabbath observance, that the grim

and bloody Eichmann case was at last over.

There was relief, too, that the man held responsible for a major part in persecution of the Jews, at last had not punishment from the people who were his chief victims.

The Jerusalem Post said in an editorial: "It is certainly better that the man should have been executed by Israel than people were the chief victims of his crimes."

A man-in-the-street opinion was expressed by a Jerusalem taxi driver who said: "I am glad it is over. Eichmann had to be executed or his trial would have made no sense."

On streets, in coffee shops and restaurants, Israelis heard Israel radio station KOL declare:

"There is no moment for millions of victims, but justice has been done."

They eagerly read the long accounts of the last hours of the execution of Hitler's will. But there was no excitement.

Mercy Denied
Eichmann's end had been expected. Only the swift sequence after the denial of mercy was a surprise.

It was news even to the people of the immigrant town of Ramleh near the prison. They did not know of the midnight execution until newspaper trucks from Tel Aviv began arriving at 6 a.m.

Specifically, the Israeli government announced that Eichmann's body had been cremated, according to his will, and launched transferred the ashes to a police boat and they were scattered at sea.

"A similar procedure was followed with the remains of the three war criminals executed by order of the Nuremberg International Tribunal," said the communiqué.

The 36-year-old former Gestapo officer, captured in Argentina by Israeli agents in May, 1960, was convicted Dec. 12, 1961, after an eight-month trial on charges of major responsibility for the extermination of six million Jews.

The Israeli Supreme Court, in rejecting his appeal last Tuesday, said Israel in effect acted as the agent of the world community in trying him and demanded even death was an inadequate penalty.

Stock Market Is In Mild Decline

NEW YORK (AP)—Profits-taking interrupted the stock market's recovery Friday, sending it into a mild decline.

It was an anti-climactic session after the wild falls and rises of earlier in the week.

Traders who bought stocks as prices slumped Monday and Tuesday morning sold fairly heavily during the morning.

The market mounted a moderate recovery during the early afternoon which cut losses and produced some gains. Then the selling picked up and the decline resumed.

Losses Less Than \$1
Losses ranged from a few cents to \$1 or more with the high-priced, volatile issues suffering more severely.

The Associated Press average of 60 stocks dipped only .30 to 25.40. As a result the average wound up the week slightly ahead of the 24.60 at which it closed last Friday.

The Dow Jones industrial average dropped 2.31 to 611.05, just short of the 611.88 where it stood a week ago.

The Standard & Poor's 500-stock average was off .25 to 58.38. It closed at 58.47 last Friday.

Of 1,335 issues traded, 554 advanced and 556 declined. There were three new 1962 highs and 24 new lows.

The day's trading volume of 5.76 million shares would be considered heavy under normal circumstances but was light by comparison with the 10.71 million shares Thursday, 14.75 million Tuesday and 9.35 million Monday.

Texans To Vote Today

DALLAS, Tex. (AP)—An estimated million Texas Democrats vote Saturday for a session for governor.

The candidates are John B. Connally Jr., D., incumbent Governor's first secretary of the state; and Don Yarborough, R., Houston attorney.

Neither has held elective office. Both candidates wanted to personal affairs in the final days of the campaign.

Yarborough charged Connally is a representative of oil and gas monopolies and wants to impose a state income tax to raise the Texas income of Eastern business interests.

Connally claimed labor leaders have been sent into the state to support Yarborough and that Americans for Democratic Action is backing to support him. He, Yarborough, charged that his opponent wants a state income tax.

Ike Ready To Be Nailed To The Cross

WASHINGTON (AP)—Former President Dwight D. Eisenhower said Friday he is ready to be nailed to the cross if the nation's treasury ever did a crooked thing.

Eisenhower spoke out after Sen. Stuart Symington, D-Mo., said the taxpayers stand to lose more than \$1 billion in government stockpile operations, largely as a result of what he called "special treatment" accorded some companies.

Symington made the statement as he pointed his Senate investigation of defense stockpiling toward a series of government contracts with nickel mining and smelting companies headed by former Secretary of the Treasury George M. Humphrey.

Eisenhower talked with newsmen after holding a GOP strategy meeting with eight of his cabinet members, including Humphrey, and with congressional leaders.

As for stockpile operations in his administration, Eisenhower said they were carried on under laws enacted long before I got there. "He said he always aimed to avoid using stockpile operations to regulate the economy."

His administration always tried to avoid buying when the price was going up, he said, because "the government has no business being in speculation." Similarly, he said, he tried to avoid selling to regulate the economy.

Stocks Subpoenaed
The armed services subcommittee conducting the inquiry has subpoenaed books of the Humphrey companies and chief counsel R. C. Coburn said the former Eisenhower cabinet member may be called as a witness. Symington said the subcommittee will be "delighted" to give Humphrey an opportunity to testify if he requests it.

There were these other developments:

1. The Office of Emergency Planning fired John D. Morgan Jr. as a consultant and asked the Justice Department to look into what it termed an "apparent conflict of interest violation" brought out in the investigation.

2. The Senate investigators heard testimony that one government agency tried vainly to persuade another agency to halt a \$3.2-million stockpile purchase of synthetic cryolite for which the government allegedly had no need.

3. Symington said his subcommittee is determined to find out why the Calumet & Hecla Co. of Chicago reaped a \$5.5-million profit as a result of being released from a contract to deliver copper to the government.

Asserting the government allowed 13 companies to take advantage of higher prices being paid by private buyers of copper, Symington said:

"The company which profited most from these copper diversions—deferrals and defaults—was Calumet & Hecla, Inc."

"According to their records, Calumet & Hecla received \$24,087,606 for the copper they diverted to industry, \$3,560,401 in excess of the value that they would have received had they delivered their copper to the stockpile as required under the deferred... contract."

Secret Talks To Avert War Will Resume
WASHINGTON (AP)—Secret talks between Dutch and Indonesian negotiators are expected to resume here soon in an effort to avert open war in New Guinea.

Authoritative sources, making this known Friday, said both acting U.N. Secretary-General U. Thant and the United States are urging that hostilities be halted to permit the negotiations to take place in a better atmosphere.

The Indonesians have dropped an unspecified number of infiltrators into coastal areas of disputed West New Guinea.

The Dutch have reinforced their defense garrison substantially with 8,000 to 10,000 troops in addition to augmenting their naval patrols and air force.

In the option of experts close to the negotiations further deterioration of the New Guinea dispute could lead to one of the most needless wars in history.

In Chicago a spokesman for Calumet & Hecla said the company will present its version in a letter to stockholders next week. He said the Senate subcommittee's material gave only a small part of the story.

Morgan was ousted from his consultant's job in the wake of testimony Thursday that Calumet & Hecla was released from a contract to deliver about 38 million pounds of its steel alloying metal.

County Agent To Retire

ARTHUR E. Ifft, County Agricultural Agent, announced to the executive committee of the Monroe County Agricultural Extension Service last week that he had submitted his request for retirement to Dr. R. E. Larson, State Director of Extension Service at Penn State University to become effective July 1, 1962.

Ifft entered the Extension Service in July 1928 and served for two years as assistant county agent in Erie County. He has served as County Agent in Monroe County since September 1, 1929.

Ifft has seen many changes in agriculture in Monroe County during his tenure here. Production per unit has been increased enormously. He has helped to introduce a multitude of new insecticides and fungicides for the control of insects and diseases on fruits, vegetables, and crops.

He has tested thousands of samples of soil for lime requirement in his office and made recommendations that have led to increases in soil fertility and increased yields. In the past 15 years alfalfa (the best hay crop) has increased 10-15 fold; also new crop varieties were introduced, notably hybrid corn.

In dairying, Ifft has assisted the Department of Agriculture in eradicating the diseases of livestock, particularly Brucellosis and Tuberculosis in dairy cattle. Monroe County is one of the two counties in the State listed as Certified Brucellosis Free Areas.

Other programs in production and marketing which have been instituted during Ifft's time were Wool Pool, Dairy Herd Improvement Association Testing, Cooperative Milk Marketing, and Artificial Breeding.

The early conservation measures of strip cropping laid out by Mr. Ifft and the extension specialists is still maintained on many Monroe County farms today.

He assisted in the organization of the Pocono Turl Association in the early 30's in Monroe and Pike Counties. This organization is of primary importance to the maintenance of golf courses and has been an educational organization ever since. It now has spread out to include all of Northeastern Pennsylvania.

The 4-H Club program has increased from practically nothing in early 1930 to 100 or more members in late years. Several of Mr. Ifft's 4-H Club members in the early years now have their own children in club work today.

The announcement of Ifft's successor will be made following the meeting of the Board of Trustees of Penn State University on June 2.

Snyder Denies Sending Scranton 'Snub' Telegram

Late Thursday, William Kershing, assistant to Scranton in the representative's Harrisburg campaign headquarters, released the text of two telegrams, one of which he said was from Snyder to Scranton. The other was a wire Scranton sent Snyder.

Snyder said, "I did not write a telegram and I don't believe Scranton has knowledge of any such telegram. I am positive both were written by Kershing."

"This is a good example of the right hand not knowing what the left hand is doing."

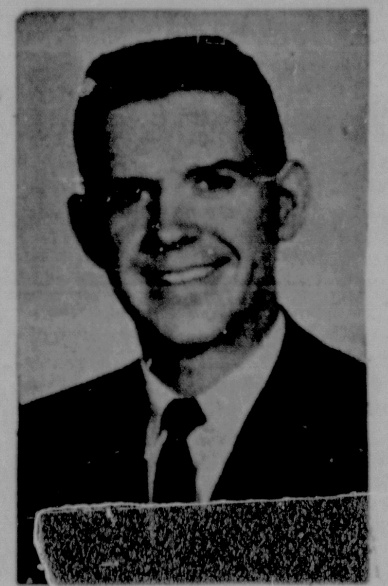

"The first time I knew about such a telegram was when I read it in two out-of-town papers," he declared.

The incident occurred at a Northampton County GOP dinner at Tuscorora Inn when Roderick G. MacLeod, The Daily Record's

photographer, asked Scranton to pose with Snyder.

Scranton declined, saying he understood Snyder was a controversial figure in Monroe County. Later, however, according to persons who attended the dinner, Scranton urged the election of Snyder in November.

His administration always tried to avoid buying when the price was going up, he said, because "the government has no business being in speculation." Similarly, he said, he tried to avoid selling to regulate the economy.

Books Subpoenaed
The armed services subcommittee conducting the inquiry has subpoenaed books of the Humphrey companies and chief counsel R. C. Coburn said the former Eisenhower cabinet member may be called as a witness. Symington said the subcommittee will be "delighted" to give Humphrey an opportunity to testify if he requests it.

There were these other developments:

1. The Office of Emergency Planning fired John D. Morgan Jr. as a consultant and asked the Justice Department to look into

2. The Senate investigators heard testimony that one government agency tried vainly to persuade another agency to halt a \$13.2-million stockpile purchase of synthetic cryolite for which the government allegedly had no need.

3. Symington said his subcommittee is determined to find out why the Culmett & Hecla Co. of Chicago reaped a \$5.5-million profit as a result of being released from a contract to deliver copper to the government.

Asserting the government allowed 13 companies to take advantage of higher prices being paid by private buyers of copper, Symington said:

"The company which profited most from these copper diversions—deferrals and defaults—was Culmett & Hecla, Inc."

"According to their records, Culmett & Hecla received \$24,087,698 for the copper they diverted to industry, \$5,560,401 in excess of the value that they would have received had they delivered their copper to the stockpile as required under the deferred... contract."

He has tested thousands of samples of soil for lime requirement in his office and made recommendations that have led to increases in soil fertility and increased yields. In the past 15 years alfalfa (the best hay crop) has increased 10-15 fold; also new crop varieties were introduced, notably hybrid corn.

In dairying, Ifft has assisted the Department of Agriculture in eradicating the diseases of live-stock, particularly Brucellosis and Tuberculosis in dairy cattle. Monroe County is one of the two counties in the State listed as Certified Brucellosis Free Areas.

Other programs in production and marketing which have been instituted during Ifft's time were Wool Pool, Dairy Herd Improvement Association Testing, Cooperative Milk Marketing, and Artificial Breeding.

The early conservation measure of strip cropping laid out by Mr. Ifft and the extension specialists is still maintained on many Monroe County farms today.

He assisted in the organization of the Pocono Turt Association in the early 30's in Monroe and Pike Counties. This organization is of primary importance to the maintenance men of golf courses and has been an educational organization ever since. It now has spread out to include all of North-eastern Pennsylvania.

The 4-H Club program has increased from practically nothing in early 1930 to 100 or more members in late years. Several of Mr. Ifft's 4-H Club members in the early years now have their own children in club work today.

The announcement of Ifft's successor will be made following the meeting of the Board of Trustees of Penn State University on June 8.

Needless wars in history

In Chicago a spokesman for Culmett & Hecla said the company will present its version in a letter to stockholders next week. He said the Senate subcommittee's material gave only a small part of the story.

Morgan was ousted from his consultant's job in the wake of testimony Thursday that Climax Molybdenum Co. was released from a contract to deliver about 38 million pounds of its steel alloying metal.

County Agent To Retire

ARTHUR E. Ifft, County Agricultural Agent, announced to the executive committee of the Monroe County Agricultural Extension Service last week that he had submitted his request for retirement to Dr. R. E. Larson, State Director of Extension Service at Penn State University to become effective July 1, 1962.

Ifft entered the Extension Service in July 1928 and served for two years as assistant county agent in Erie County. He has served as County Agent in Monroe County since September 1, 1930.

Ifft has seen many changes in agriculture in Monroe County during his tenure here. Production per unit has been increased enormously. He has helped to introduce a multitude of new insecticides and fungicides for the control of insects and diseases on fruits, vegetables, and crops.

He has tested thousands of samples of soil for lime requirement in his office and made recommendations that have led to increases in soil fertility and increased yields. In the past 15 years alfalfa (the best hay crop) has increased 10-15 fold; also new crop varieties were introduced, notably hybrid corn.

The Fellowship of Love

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—I John 3:11-18; 4:7-21; II John; III John.

John, Christ's "beloved disciple" who wrote the fourth Gospel and the book of Revelations, also wrote three letters which are preserved—a general one, one to an "elect lady" and her children, and one to Gaius, a good Christian layman.

John's greatest message, the message "which you have heard from the beginning," is "that we should love one another." The world's first brothers, Adam and Eve, came to tragedy because the jealous Cain loved hate.—I John 3:11-12.

We must love in deed, not word, writes John. To love is also to follow God's commandments. The deceivers of the world are those who "will not acknowledge the coming of Jesus Christ in the flesh," he writes.—I John 3:18; II John 6-7.

To Gaius he writes commending him for his evidence of brotherly love and hospitality toward the Ephesian evangelists he had sent to Gaius' church. Others, jealous, had turned them away.—III John 1-8.

GOLDEN TEXT: I John 3:18.

Today's Lesson:

The Fellowship Of Love

By N. SPEER JONES

THIS WEEK we continue our study of the letters of the apostle John, who also authored the fourth Gospel and the book of Revelation. This was the "disciple whom Jesus loved," the one to whose care He committed His mother when He died.

This was the apostle who lived to be almost 100 years old, after suffering earlier as a slave on the island of Patmos, thanks to his devotion to his religion. Later in life he is thought to have lived in Ephesus.

John was the most profound thinker of all the original 12 apostles. His philosophy was of such stature that it bears the title, the "Johannine theology." The heart of this philosophy is that the actual life of God is communicated to man, through the Commandments and our obedience to them, through the Spirit of God, through belief in Jesus as God's Son, and through love.

It is this last aspect of God's communication of life to us that concerns us here. Indeed, love is the aspect on which John himself dwells most, returning again and again to it in his writings. In his first letter, he uses the word "love" itself, as a noun and a verb, nearly 40 times.

As John says, love "is the message which you have heard from the beginning," not only since Christ's ministry, but away back in Genesis 4, when a child of the world's first family killed his own brother from lack of love (Genesis 4:1-8).

One who has no love "remains in death," and one who hates "is a murderer." Despite the fact that man is made in God's image, he is selfish until this image is "matured, through the grace of God which allows man to be born again. It is this second — or true — birth which opens his heart with love and to love. Man must be born again in order to love.

Love is to man's moral life. His growth is to his physical existence.

Love itself is such a God-like attribute that it may be considered an essence of God. When man loves, therefore, he does so with the very love with which God Himself loves. Some have said that our life here on earth is our chance to learn love, or to know God.

Man's love always follows the Lord's; it does not precede it. As John says, "we love, because He first loved us" (I John 4:19). Our faith does not come before His love leads us to it.

Another attribute of love is the complete absence of fear. "There is no fear in love; but perfect love casts out fear, because fear hath punishment; and he that feareth is not made perfect in love" (I John 4:18). Fear, in other words, comes from self-accusation, or a guilty conscience. Fear towards God means we are not living as we know we should. When we live in love, we automatically do those things which are pleasing to God, and have no room or need of fear.

John also reminds us that the proof of love is in the doing, not the saying. "Let us not love in word, neither with the tongue; but in deed and truth" (I John 3:18).

Rev. W. C. Leopold To Be Installed

THE REV. William C. Leopold will be installed as pastor of St. John's Lutheran Church, Stroudsburg, Sunday at 4 p.m.

The Rev. Glenn G. Neubauer will be the officiating clergyman and he will be assisted by the Rev. William F. Wunder.

He replaces the Rev. Charles Ruloff who accepted a call to Perkasie.

Rev. Leopold has been the pastor of Jerusalem Lutheran Church for sixteen years. Following his ordination by the Ministerium of Pennsylvania in 1945 he was called as assistant pastor to the Schwenksville parish, and upon the death of the pastor, The Rev. N. F. Schmidt, was elected pastor.

The parish at that time included not only the congregation in Schwenksville but also the St. James Lutheran Church in Limerick. The growth of the congregations led to a division of the parish in 1961.

In 1961 the sanctuary of Jerusalem church was renovated and in 1962 a parish house was dedicated. This addition to the church has been recognized as an excellent architectural blending of a new structure with a historic church.

St. John's new pastor is a son of St. Jacobus Lutheran Church of Philadelphia and graduated cum laude from Muhlenberg College in 1943. In 1945 he graduated from the Lutheran Theological Seminary in Philadelphia and in 1950 he received his Master of Sacred Theology degree from this seminary.

He continued his studies in the Graduate History Department of the University of Pennsylvania under a fellowship granted by the Board of Higher Education of the United Lutheran Church and thereby received his Master of Arts degree in the field of Medieval and Reformation History. He has partially completed the requirements for his doctorate.

He has in the past served as

Rev. William C. Leopold

assistant football coach at Chestnut Hill Academy and while in officer's training was attached to the 6th Field Artillery at Fort Hoyle, Maryland.

He has served as chaplain of the Norristown Conference and on various committees of the Synod. He also served as chaplain at Camp Miller and Camp Hagan for several years.

At the present time he is chairman of the Committee on Worship of the Synod and a visiting chaplain at Graterford Penitentiary for the Board of Inner Missions. He has served the community of Schwenksville as Judge of Elections and Assistant Secretary of the School Authority.

In 1948 he married Virginia Ann Bauriethel of Wyomissing, Pa., who is a graduate of the College of William and Mary in Williamsburg, Virginia, and in 1955 became the father of twin daughters.

Southern Baptists Tensions Are Rising

By GEORGE W. CORNELL, Associated Press Religion Writer

Long-standing tensions, affecting basic church policies and interpretations of the Bible, are rising toward a head among Southern Baptists.

Generally, the conflict is between a restrictive or comparatively open approach to the faith. However, a whole range of questions are involved. Among them: Should seminaries professors be allowed to explore, in teaching or writing, varied concepts about the Bible's composition? Should Southern Baptists recognize the validity of baptisms and the ministry of other denominations?

Should Southern Baptists take part in cooperative (ecumenical) work with other Christians? Is it right to share the Lord's Supper with other believers?

These, and other issues, were simmering as the big, 10-million-member church organization moved toward its annual convention in San Francisco next week.

Some elements in Texas, Oklahoma, Kansas, Arkansas and elsewhere declare a firm "no" to the

same questions. They have mounted an effort to curb the teaching of Baptist theologians who say otherwise.

The clash seems certain to hit the convention floor. The outcome could mean tighter controls on theological education and other church activities, or it could leave the way clear for more flexible teaching, publishing and policies.

Baptists traditionally have proclaimed freedom of religious "creeds." (Creeds are statements of doctrinal beliefs.) The critics, although commending this heritage, insist that seminaries and other official functions should be bound to fixed beliefs.

It is an historic problem, for Baptists and others. Most of the drive for closer regulation this time has centered on two seminary professors:

The Rev. Dr. Ralph H. Elliott, chairman of the Old Testament Department at Midwestern Baptist Theological Seminary, Kansas City, and the Rev. Dr. Dale Moody of Southern Baptist Theological Seminary, Louisville, Ky.

What drew the fire on Dr. Elliott

was his recent book, "The Message of Genesis," published by the Southern Baptists' Broadman Press in Nashville, Tenn.

In it, he supports a theory, widely held among many Protestant and Catholic scholars, that the first five books of the Old Testament—the so-called "Books of Moses"—include writings by others as well as Moses.

Dr. Elliott also holds that Biblical truth is sometimes couched in imagery, rather than literal form. The critics maintain that his views cast doubt on the "authenticity and authority of the word of God." They say

Press should not publish such views, and Baptist institutions should put a stop to such "false teaching."

Comments Dr. Elliott: "No one is denying the authority of Biblical revelation. I think it is completely authoritative." But he adds that finding scriptural truth demands continual searching, not making rigid human assumptions.

"We can't know all the answers," he said in an interview. "If anyone knows it all, and can

define it all, he'd be God, and wouldn't need faith. We have to keep searching." As for the Biblical method of presenting its message, he said:

"My contention is that Biblical writers often used the culture or science of their own day as literary vehicles to convey deeper truths. The thing that is important is the deeper truth rather than the vehicle by which it is conveyed."

"Many times Biblical writers took the world view of his day—a three-story universe, and used it as a means of presenting the truth that God is creator and author of the world. If the world view was off, it doesn't detract from the basic truth. But some people feel everything has to be taken in a literal sense."

SORROW AND JOY
Sorrow has its reward. It never leaves us where it found us.

—Mary Baker Eddy

Sorrow is the source of literature, joy is the source of virtue.

Christ Scientists Hold Meeting

Progress of the worldwide activities of the Christian Science movement will be reported at the annual meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

The meeting, which will convene in Boston at 2 p.m. on Monday, will bring together thousands of Christian Scientists from many parts of the United States, Canada, and other countries. A number of church members from overseas areas are scheduled to arrive on special flights.

New officers to be announced at the meeting include the incoming President and two new Readers of The Mother Church. New members of The Christian Science Board of Lectureship will also be announced.

Obituaries

Dr. Andrew, Stroudsburg; Services Monday

FUNERAL services for Dr. William E. Andrew, 73, of 38 N. Sixth St., Stroudsburg, will be held at 10:30 a.m. Monday in the Dunkelberger and Westbrook Funeral Home.

Rev. Charles A. Park will officiate and burial will be in Stroudsburg Cemetery. There will be no visitation.

Dr. Andrew, a native of Pen Argyl, died Thursday night in Monroe County General Hospital. He first came to this area in 1919 from Pen Argyl.

He was a graduate of Pen Argyl High School, Philadelphia College of Pharmacy and the University of Pennsylvania Medical School and took graduate work at Willis Eye Hospital.

He served as a first lieutenant in the Medical Corps during World War I and was Stroudsburg School District doctor for a number of years.

At one time, he was affiliated with all three county hospitals — Monroe County Hospital, Stroudsburg; the General Hospital, East Stroudsburg; and Rosencrans Hospital, East Stroudsburg. He was associated in practice with Dr. Joseph H. Shull.

After the death of Dr. William Hay of Mt. Pocono, Dr. Andrew took over the medical direction of Pocono Haven. After it was closed, Dr. Andrew and his wife operated Onwood Hotel as the Pocono Health Center for two years until he retired from practice.

Dr. Andrew was a member of the Monroe County Medical Society and George N. Kemp Post 346, American Legion.

Surviving are his wife, Esther L. Lavery, widow of State Sen. Albert E. Lavery of Forest Oaks, Conn.; one daughter, Mrs. Eugene H. LLaBar, Georgetown, Del.; sister, Mrs. George Mace, and a brother, George Andrew, both of Pen Argyl.

Helen Little, Amaranth Aide

WORD has been received by local officials of the Order of Amaranth of the sudden death of Helen Little, Past Grand Royal Matron of the Amaranth of Pennsylvania. Funeral services will be held Monday at the Bonner Funeral home in Richlandtown, Pa.

Mrs. Little was instrumental in helping to organize the local Laurel Court of the Order of Amaranth, and often has visited here.

17-Year Cicadas Swarming Over Many Trees In Area

By Don Allen
Daily Record Reporter

Note to tree owners: Those insects swarming all over your shrubbery aren't locusts, they're red-eyed 17-year cicadas.

According to agriculture experts, the buzz-saw voiced insects last saw the light of day in 1945, just as World War II was ending. Incidentally, it's the male who makes the noise, they report.

Already one Cherry Valley resident has reported his apple

tree covered with insects, but these are locusts.

Although they infest numerous kinds of trees, shrubs and herbaceous plants, the female cicadas prefer oak, hickory, peach and pear trees, in addition to apple.

600 EGGS

The female cicada lays up to 600 eggs within five to six weeks, then dies, she flits from branch to branch using her buzz saw attachment, to make slits in twigs in which she lays her eggs, 20 to 28 in two rows.

Experts say this slitting of tree branches is the only damage the insects do. Heavily punctured branches may wilt and later die and break off. Damage may be worst on trees and shrubs near woodlands.

After six to eight weeks, the young cicadas fall to the ground, burrow into the soil and find a suitable tree root on which to feed until it is time for them to surface 17 years later.

These ant-like nymphs hibernate in oval-shaped dugouts waiting out their time. When they emerge, they are white. They shed their nymphal skin, a process taking from 20 minutes to three hours, and mate in about a week's time.

The periodical cicada is about one and one-half inches long and has a black body, reddish legs and red eyes. Some of the veins in its nearly transparent wings are orange.

It is closely related to the common cicada, which appears every year.

It differentiates from a locust in that locusts are grasshoppers and have chewing mouth parts with which they eat leaves of plants.

Eats Very Little

The periodical cicada eats very little and if the adult eats at all it is by inserting its beak into the bark of a tree and sucking juice.

Experts say the best way to prevent damage to branches from the female's egg-laying activities is to spray with a material called Sevin.

And, if that doesn't work, you can always try again in 1979 when the next crop arrives.

Six Deeds Filed At Court House

SIX deeds were filed yesterday in the office of Mrs. Jeannette F. Batory, Monroe County register and recorder:

Anna K. H. and Leon J. Hutten, Bristol, to Thomas D. Swink, Pocono Township, two properties in Hamilton Township; William and Gertrude Albert Maggeth, N. Y., and Dave A. and Sarah Albert, Massapequa, N. Y., to Albert W. and Verna M. Krome, Wind Gap, two properties in Ross Township.

Area Resort Employee Admits Theft

AN employee of Pocono Manor Inn is being held by Phillipsburg, N. J., police who said he admitted taking \$26 in golf club receipts from the resort near Mt. Pocono.

Russell Smith and a companion were taken into custody after seeking to exchange \$1 bills for bills of larger denominations.

Smith's companion was released when Smith told police he knew nothing of the source of the money.

A bartender and a service station owner reported to police that the pair was trying to exchange \$1 bills for \$10 bills.

Under questioning, Smith said he took the money from the Inn's golf course office, hitchhiked to Stroudsburg and took a taxi to Delaware Water Gap, pausing to pick up the other man, who was hitchhiking.

The pair then hitchhiked to Phillipsburg. Police there recovered \$195 and notified Pennsylvania State Police. Smith was held in the Phillipsburg jail pending transfer to Monroe County.

A spokesman for Pocono Manor said Smith was hired a week ago as cashier at the golf club.

Exchange Student Amazed At Americans Knowledge

NEWFOUNDLAND — Arne Burkhardt, a Rotary exchange student from West Germany, told Southern Wayne seniors this week that he was amazed to find the American people so well-informed about his country.

Speaking at a meeting of the Rotary Club at Green's Restaurant at which the seniors of SWJS were special guests, the youth said he had not realized that word of the Berlin wall and of conditions in West Germany had spread to this country.

Discussing the differences in life in his land with life in the United States, he said that American home life is much more confused and Americans are not quite as close-knit as are German families.

"The pace of American life is much more dynamic," he noted, stating that, in his opinion, school systems in both countries are about equal. He expressed surprise that students here do not appreciate their educational opportunities.

The German student has completed seven years of Latin and five years of Greek, and said that languages are stressed in his homeland. School begins at 8 a.m. and closes at 1 p.m., after which the big meal of the day is eaten, and then there is a rest period. Next comes tea, which is mandatory for the entire family, for this is the time of day when problems are discussed. Next come homework (of which there is a great deal, he said) This is a routine schedule for six days of the week.

The speaker is a senior at Westbury High School, and is presently the guest of Reed Hahn, supervisor of the school. He has lived in four different homes since coming to this country, and will graduate next week from Westbury. Upon his return to Germany, he will complete a half-year of studies and will then be graduated with his West Germany classmates early in 1963.

Guests of the Rotary Club at the dinner meeting were Diane Egert, Judith Cramer, Betty Lee, Elizabeth Dugan, James Hinton, Don Barnes, Bob Strupewski, Jordan Deskus, Bob Hazelton, Jerry McLain, all seniors at SWJS; Edward S. Parsons, Jr., faculty advisor for the senior class; Paul Asure and son, Jack, of Paradise Valley Lodge.

Willis Gilpin, president-elect of the local Rotary Club, introduced the speaker.

Now is the time to mark the resting place of someone you hold near and dear with a suitable memorial.

Coast-to-Coast NEWSPAPERS SELL THE MOST!

True - - But!

A number of writers on economic affairs discount the possibility of a new wave of inflation. They point out that the price increases which have recently occurred have been minor; that over the last two years a degree of relative price stability seems to have been obtained; that competitive pressure in both domestic and international markets are acting as a brake on price hikes of any significance, and that there is an abundance of goods and services of every kind, in some instances amounting to a surplus.

This is all true. But a nagging question remains: How long can price stability last in the face of the government's current fiscal policies?

Unbalanced budgets are not the only

cause of inflation. But they are one of the main causes and, given certain sets of circumstances, they become the decisive force by far. The once-held hope for a balanced budget in the next year or two has vanished. The prospect is for more deficits, and larger deficits.

This amounts to giving hostages to fortune. What is needed is to erect a wall around price stability, so to speak, by reducing and eliminating government spending wherever possible—including, above all, more Welfare State spending. Then the possibility of more inflation really will diminish. And then our ability to compete in the world markets—a competition that will largely determine our economic strength and our future prosperity—will be enormously strengthened.

Light On Consumer Credit

Consumers—and this broad category would include just about every citizen — are entitled to more information about the costs of the record amount of installment credit they undertake. Not more than a small minority of those who buy now and pay later are able to pierce the mystery of finance charges and determine whether they are fair and reasonable.

Pennsylvania has no state law governing interest charges for credit extended by sellers of goods and services to purchasers, except for automobile transactions. Protective legislation is urgently needed, and Titusville Atty. Rowland B. Mahany has made safeguards for installment credit buyers a pertinent issue in his campaign for the state senate.

Although he has not spelled out details of his proposed legislation, it probably would have some of the general features of the "truth in lending" bill submitted to Congress by Sen. Paul H. Douglas and supported by President Kennedy. The federal proposal would

require lenders and vendors to disclose to borrowers in advance the actual amounts and rates of credit costs. The purpose is to prevent fraud and deception and to invigorate competition by enabling buyers to compare credit costs just as they now compare purchase prices.

The computation of credit and finance charges baffles most buyers who sign up for installment credit without knowing how much it really costs them or the rate of interest they are charged. The fact that of a 1961 total of \$54 billion in consumer credit, \$45 billion was tied up in installment credit points up the size of the problem and the opportunity for fraud and deception by unscrupulous lenders.

One of the opponents to the federal proposal argues that regulation of credit is a state matter. In the absence of federal safeguards, however, Pennsylvania would do well to adopt credit regulations protecting this commonwealth's consumers.

Tax Evasion

The argument in favor of a withholding tax, of any kind, is that there is considerable cheating in the payment of taxes. The American people are an honest people, but as every tax collector knows, in any country, most folks find it a pleasure to evade a tax, avoid a tax, find a loophole in a tax-law.

This has been true from time immemorial and a tax collector is usually disliked not for his personality but on account of his profession. He is like a hangman.

Senator Paul Douglas of Illinois is a trained economist. He believes in the withholding method.

the income taxes on dividends are not paid.

The loss in tax collection from American money on deposit in Liechtenstein, West Germany, Switzerland, Monaco, Panama, Hongkong and other places and managed by bankers and brokers in those places must be much larger than one billion dollars, although I have been unable to get accurate figures.

These funds may be kept on deposit in foreign countries forever, and, although owned by Americans, pay no taxes because their transactions are on European exchanges although they deal in American securities.

Why penalize the American who keeps his money in the United States and uses it to expand and strengthen American industry and commerce?

Perhaps if the income tax were simplified and were not so brutally collected, involving huge book-keeping costs and irksome man-hours spent by individuals and small businesses against the provision. The fact is, that over 75 to 80 percent of these over 65, in my judgment, would be exempt from withholding, and an aged couple both over 65 would need investments of well over \$100,000 even to be subject to withholding.

I dislike the withholding tax because I prefer to keep my earnings as long as I can and to manage my own money — however badly I may do it. Nevertheless, any citizen must agree that the tax evader is a cheat and that he cheats not the government but his fellow-citizens who pay their taxes as they pay other bills.

But there is another point of view in all this and Senator Douglas might give it consideration. Actually tax evasion must amount to more than the \$1,100,000,000 which we lose because

altogether legal and will continue to be lost as lawyers and accountants know how to fix things.

Watch Dog Committee Speaks

Editor, The Daily Record:

Stroud Township Citizens League meeting Monday, May 28 at 7:30 p.m. in the Stroud Township Municipal Building, heard the complete statement read by Jerome Rubin to the Stroud Union School Board at its regular meeting held on May 16, 1962. The motion was made, seconded and passed to incorporate this statement by the Chairman of the Watch Dog Committee word for word into the minutes and to release this statement to the public through the press so the true contents may be known.

Warren E. Thorne, Sect. Stroud Township Citizens League

Mr. Rubin's statement follows:

Statement to regular school board meeting, May 16, 1962:

As Chairman of the Watch Dog Committee of Stroud Township Citizens League and representative of the majority of taxpayers I am reading this prepared statement regarding the vote for a 9 mill tax increase on real estate and an 8 mill occupation tax. We are absolutely not in favor of a 30 percent increase in taxes for the coming year 1962 and 1963.

We regret the fact that errors have been made in the past on the School Board regarding financial remuneration from the state government and that monies have been spent to cause a \$72,000 deficit for the year 1961 and 1962 and that the same \$72,000 will again be spent in the year 1962 and 1963. This debt constitutes \$144,000 and in order to keep the Board in the black a 7 mill increase is necessary.

1. To wipe out the \$72,000 deficit for 1961-1962.

2. To keep from going in debt for 1962-1963.

We have taken notice that the Board is requesting a 30 percent increase to cover the debt and

to our amazement are willing to sacrifice the citizens in so doing by placing this tremendous burden of increased taxation without giving more thought to cutting this increased tax burden by many ways. We find that certain Board members are willing to pay salary increases very easily even though it means their neighbors are to be taxed greater and against their wishes at this time.

We find that certain remedies are needed to keep our budget in line and prevent this flagrant abuse of placing any more burden of taxation on our friends and fellow citizens.

Under the circumstances we recommend the following and wish that motions be placed on the floor and passed for the following. The year 1961 someone name unknown either on or off of the school board recommended a \$72,000 increase in the budget with the high hopes that a reimbursement of this amount would be made by the State Government.

This same person name unknown knew that as our real estate evaluation increases the financial reimbursement would be less from the state. Knowing that we did not have this amount of money unless a certain law was passed and this law was still made. Under the circumstances we feel the board members should now take to task the individual responsible for this drastic recommendation.

I am sure you ladies and gentlemen on the board that you had a business and an employee of yours made an error that cost your company \$144,000 that without any hesitation you would ask this employee for his resignation. The members of the Watch Dog Committee gave this action which we propose but we are in accord that we should not be put to blame as taxpayers. I am sure all the members of the board will agree with this

statement as they are also taxpayers.

Again we say action is necessary by the board members as this is a serious error on any ones part to the good citizens and taxpayers of Hamilton, Delaware Water Gap, Stroudsburg and Stroud Townships. Action is necessary on part number one.

Now in regard to part number two, we feel that more stringent measures are necessary to prevent the 30 percent increase in taxes for the year 1962-1963 and we propose that due to the indebtedness as it now stands that any wage increases now provided by the board be rescinded immediately for the year 1962-63 and any thought of further coming year be dropped due to the \$144,000 indebtedness we wish that a motion be placed on the floor to rescind any motion passed and approved this year to increase salaries.

We feel that savings can be made in many departments without sacrificing the education of our children and than any expenditures this year be given an automatic 5 percent decrease. Again we say to the board members this is only for the year 1962-1963. We would like to go on record as saying not enough attention is given to items of savings.

A letter should be sent to the state commissioners of Monroe County that there are in equities in the occupation tax and that the tax assessors be made aware of this and that the taxpayers who are guilty of giving false information concerning their occupation be fined.

We cite as an example of what we mean: Occupation — Housewife — Actual Occupation — Clerks, factory workers, nurses, teachers etc. We feel that without any cost to the County or the School an increase of revenues are possible as long as the tax assessors are doing the job they are paid to do.

We feel that the possibility of realized without the 8 mill increase proposed for 1962-63. During the taxable year 1962-63 the real estate evaluation will increase \$634,375 here again we find increased tax revenue for our schools. To sum this up the citizens committee feels that action should be taken on part one concerning responsibility. That no action be taken on salary increases this year. That a 5 percent decrease in expenditures for all school supplies, a more competitive stronger bid on every item and if necessary out-of-town sources be contacted, including insurance.

With the above in mind and increase in revenues from real estate on market value of \$600,000 the budget can be made to stay in the black with only and

Editor, The Daily Record:

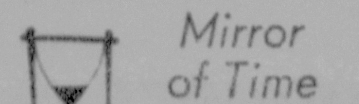

On Saturday, May 26, 1962 the Daily Record published under "Letters to the Editor" a letter by the seniors of the Pocono Mountain Joint School District defending the Policy and Personnel Committee and the Administration of the Pocono Mountain Joint Schools and the proposed Baccalaureate - Commencement Services.

For their letter in our behalf, we do thank them. We did try to present an informative discussion and hope that it was done with dignity and in good taste.

that the proper place to ask the questions concerning such problems are at school board meetings and in direct contact with administrators or school board members.

The basic concern is to place all phases of school problems in their proper perspective and, although we may not agree on how certain phases of school activities should be handled, it is most important that we all have the right and privilege to disagree.

You have seen the statement: "All that is necessary for evil to triumph is for good men to do nothing." It is much more

have indicated to the readers of the paper that the public who attended the meeting were not generally courteous and acted badly in presenting their questions and points concerning separate programs. This does require correction.

We were amazed that more heated presentations did not occur. The people attending discussed a very delicate topic and gave their opinions without the violent emotionism that can easily occur under such circumstances.

We feel that it is important for people to be concerned with schools and school problems, and an issue rather than to let it be all things to all people.

The committee members present feel gratified that the public came to the meeting in such numbers and wish to advise the readers that those who attended are to be congratulated — not condemned.

Please feel free to attend any meetings held by the Pocono Mountain Joint Schools; they are all open and the privilege and responsibility of good schools is yours as well as of your respective school board members.

Recalls Early Motoring

Editor, The Daily Record:

Maybe you fellows remember 10 years ago the writer composed a Safety Poem entitled "God's Hand On Mine" which was copyrighted and given wide circulation. The poem was written to commemorate 50 years of accident-free driving.

Little did I think then that I would be spared 50 years of driving without a single personal injury. Our local paper here, "The Willow Grove Guide" is making a "Big Splash" over it shortly and when they get wind of this possible long safety record they called me in and interviewed me for over two hours. They wanted facts, figures and photographs to document the achievement.

I started to drive cars in 1902 in June and this coming June 10th will be 60 years, only a few days away.

My first car was a Loco Steamer, made in Rochester, N. Y., and my first gasoline car was a Maxwell 1906 roadster. John W. up there on 611 has a

restored model of my first "gasoline buggy".

Now, gentlemen, if you want to make mention of this "News" item you are at liberty to do so, ON or after Sat. June 9th. This long SAFE DRIVING record will be mentioned on all the local Radio News Broadcasts in this area besides press releases.

Yours very truly, John G. Harl

Refutes Students' Statements

Editor, The Daily Record:

As a clergyman and a parent who attended the open meeting of the Policy and Personnel Committee of the Pocono Mountain Joint School Board held in the school Wednesday evening, May 23rd, I am constrained to voice my feeling concerning a letter printed in Saturday's edition of the Record entitled, "Students Defend School Board".

This letter signed by six members of the graduating class states, "Frankly, we were shocked. We saw people who call themselves good citizens make perfect fools out of themselves. This meeting which was supposed to enlighten the public and at the same time give the public a chance to express their opinions, became nothing more than an attempt to crucify the members of the School-Board and the Administration".

I consider this an attack against members of the Clergy

who were present and the parents and citizens who were present.

Again, another phrase used in the letter, "This meeting was supposed to enlighten the public and at the same time give the public a chance to express their opinions".

This was exactly what took place: the public was given a chance to express their feeling concerning the combining of the Baccalaureate and Commencement Services. Each person who spoke was first given recognition by the Chairman Dr. Maganz, then gave his name and then commented on the subject or asked questions concerning it.

While I could not endorse all of the comment nor all of the questions asked; I neither saw nor heard any attempt to crucify the School Board or the members of the Administration. Neither did I hear any arguing nor any display of emotion.

As a clergyman I am in a

position to sympathize with the School Board and the Administration concerning criticism and the inability to please everyone. I do not feel that we as citizens should give them unfair criticism; rather we should pray for them asking God's guidance for them.

Neither should the Clergy and citizens of the County be degraded for their desire to be heard. We live in a Democratic Country which gives us four freedoms of which two of them are: Freedom of press, and Freedom of speech. Deny us this and we no longer have a Democracy we are then headed towards Communism.

Communism is rapidly spreading throughout our country; it has infiltrated into many of our schools, our churches and organizations.

In some states, the reading of the Bible and praying of the Lord's Prayer in the public schools has been outlawed. Little by little we have been minimizing the importance of God in our daily lives. We are showing God out of our lives, out of our schools, yes, even out of our churches.

This my dear reader, was the concern of all present at the open meeting of the Policy and Personnel Committee of the Pocono Mountain Joint School Board and the citizens. It was not to crucify the School Board nor the Administration.

Sincerely yours, Rev. Karl Keller

I want to thank you — although I am inexcusably late in doing so — for the really wonderful article in your paper on the twelfth of May. It was really quite a climax to the already marvelous weekend I've had at Stroudsburg!

You really can't imagine how pleased my parents were to see it, too! My father said he has never seen any other concert given as much publicity as you gave to our State Chorus, and my mother shows it to anyone who so much as steps a foot on our property!

The most wonderful part of it all, though, is that now I've got a complete set of pictures to remember every part of my stay at Stroudsburg!

Defends Coach

Editor, The Daily Record:

In regard to the criticisms voiced against Douglas Schooner I would like to state my opinion.

Mr. Schooner, it is true, has failed to come up with a top flight basketball team in recent years. I have always been taught, however, that it matters not whether you won or lost but how you played the game.

Although I feel that winning is what makes a game worth playing, I do not feel that a defeat, suffered by an entire team, should be blamed on only one man, in this case Mr. Schooner. I, along with many East Stroudsburg boys, have come to respect Mr. Schooner and regard him with the highest affection.

Having played under Mr.

Schooner I will firmly state that East Stroudsburg basketball players are not weak or fundamentalist, but weak in the desire to win. East Stroudsburg does not need a new basketball coach but a new attitude in its entire outlook toward basketball.

The lack of desire to win is not entirely the players fault but the fault of every sports fan in East Stroudsburg who fails to support the team to the fullest extent. If for only one year, the basketball fans of East Stroudsburg would support its team there would be a very favorable improvement in East Stroudsburg's won and lost record but in the players' mind, I have not overplayed my hand in expressing myself.

Thanks For Help

Editor, The Daily Record:

The 1962 "30 Minute March" of United Central Policy has just been concluded. Many of our citizens gave of their time and energies to serve as volunteers for this March.

We would like to thank each one personally, but since this is an almost impossible task, we are using this column to express our deep gratitude to these volunteer "Marchers" as well as to the generous citizens of our county whose very tangible contributions helped make our campaign the success it was. We are particularly proud of the support given us by the youth of the county. Teen-agers are too often the source of much discussion on juvenile delinquency. It is important that we note the fine character of the teen-agers of Monroe County who served as volunteers for the United Central Policy Drive.

We wish to publicly acclaim the excellent cooperation given us by the Daily Record, Radio Station WYPO, the First Stroudsburg National Bank and the East Stroudsburg National Bank. The success of our fund-raising efforts was due in great measure to their generous cooperation.

In behalf of those afflicted by cerebral palsy, we of this United Central Policy Drive express our warmest thanks.

Mrs. Seymour Polan Director United Central Policy of Monroe County

just that your efforts be brought into play, we see that it is properly recognized and is marked by proper signs on the Thursday, after leaving the City.

There had been different pictures of trucks come from New York and turn off into East Stroudsburg because the road "Stroudsburg" is not marked anywhere prior to leaving Stroudsburg exit. Also have on two occasions been asked at the intersection of 28 and Washington St. by truck drivers, was a car marker, as to how to get to Stroudsburg. Stroudsburg is the attention of Pocono Auto Club several months ago, apparently they had no action.

My suggestion is that the sign 1400 E. below East Stroudsburg be changed from East Stroudsburg to "The Stroudsburg" and the sign now reading a two-dred foot or more beyond the East Stroudsburg corner reading "Stroudsburg" and I note it moved stand at the cross-section between the East Stroudsburg and the Stroudsburg. Perhaps it is a Chamber of Commerce would do as it concerned in helping place our fine town in the front where it belongs on the three-way sign instead of going unmarked and in second place to East Stroudsburg.

Trusting you will be interested in placing "Stroudsburg" in the place it belongs, I am,

Respectfully, V. A. Thompson

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lonely, gnarled, and neglected, but a thing of beauty, isn't it?

We know that trees are functional, that is, they hold the soil, the good earth, the rain. But more than that, each tree, in loneliness or forest, sings out the praises of its Creator, God.

Much more so, does man reflect the glory and image of God. He too then, must sing out the praise and honor to God, his Creator. There is a place for that worship and honor; it is your church. Whether lonely, solitary, or in crowds, He awaits you... to hear and to answer.

Shari's guest on "The Shari Lewis Show" from 10 to 10:30, Chs. 3 and 4, is dancer **Sandra Lee**. Comedian **Dom De Luise** plays detective **Kenny Ketchum**.

At noon on Chs. 3 and 4 **Don Herbert**, as Mr. Wizard, examines Mercury, the fascinating liquid metal and explains why it is a metal although it looks like a liquid.

Highlights of the 66th annual **Devon Horse Show**, the world's largest outdoor horse show, will be televised from 3 to 5:30 by WRCV-TV, channel 3 and also carried by Ch. 4. **Vince Leonard** will share commentary with **Bill Bryan** and **Pat Landon**. From 7:30 to 8:30 on Chs. 2 and 10.

"Perry Mason" is challenged to solve a mystery involving a dead wife who sues for divorce, a lovely blond in a sister act who is not a sister, a husband and an ex-husband. **Marion Marshall**, **Karl Weber**, **Mary LaRoche** and **Peggy Knudsen** are featured in this rebroadcast of "The Case of the Spurious Sister." Next, on "The Defenders," "Death Across the Counter" is rerun. **Clu Gulager** stars in this story of a Korean War veteran who is a drug addict and is accused of murdering a storekeeper. **Harry Townes**, **Barbara Turner**, **J. Pat O'Malley** and **Frank McHugh** are featured. 8:30 to 9:30.

Clu Gulager is also on Chs. 3 and 4 from 8:30 to 9 in "The Tall

Man," **Barry Sullivan** also stars. A woman pleads with **Garrett** to return a large sum of money he won from her husband. From 9 to 11:15 on "Saturday Night at the Movies," "The Halls of Montezuma," starring **Richard Boone** will be presented. **Richard Widmark**, **Jack Palance** and **Karl Malden** co-star.

Richard Boone also appears in his usual role of **Paladin** on "Have Gun Will Travel," Chs. 2 and 10 from 9:30 to 10. A man, crippled and arrogant, and proud of his family, hires **Paladin** to hunt down another man he describes as a murderer and corruptor. **Jay Novello** is a guest star. Following, from 10 to 11, "Gunsmoke" is a repeat of the episode in which a love-stricken **Chester** takes up farming on an arid, undeveloped piece of Kansas ground.

SUNDAY

Sir Basil Spence, the architect who designed England's new Coventry Cathedral, and the **Very Rev. R. T. Howard**, who played an important role in having it rebuilt, will be interviewed on the special "Lamp Unto My Feet" program depicting the dedication and consecration of the cathedral from 10 to 10:30 this morning on Chs. 2 and 10.

On "Camera Three" from 11 to 11:30, Chs. 2 and 10, this morning, **Dr. Edward Teller** and **Dr. Leo Szilard**, pioneers in the field of nuclear energy, discuss "Morality in Science."

In baseball this afternoon, the **Phils** play the **Los Angeles Dodgers** at **Commodore Park** Stadium. Game starts at 1:30 on channel 6. The **Yankees** meet the **Los Angeles Angels** at **L. A.** game will be televised on channel 11 starting at 4:30.

Owing to the live coverage of **Astronaut Scott Carpenter's** press conference last week two regularly scheduled programs, "College Bowl" and "The Twentieth Century" were pre-empted. "College Bowl" was video-taped and the contest between the **University of Tennessee** and **St. Olaf College** will be broadcast today from 5:30 to 6 on Chs. 2 and 10. "The Twentieth Century" program scheduled for last Sunday was a

Dear Abby

This Is Not The Answer!

DEAR ABBY, I am heartbroken. My 17-year-old son got a 17-year-old girl in trouble. We know her parents well. This girl has been heartbroken since she was 14 and has given her parents lots of heartaches. Since the girl claims our son is responsible for her condition, our son proposed marriage, but she turned him down. Then her father called my husband and suggested they get together and talk things over. My husband met with him and agreed there should

be a wedding. Our son asked her twice again and was refused. Her father said okay, no wedding, but we must pay the hospital bill, which we agreed to.

In the meantime, the girl said she was marrying an old swarthy heart of hers. Well, that marriage never took place and now, all of a sudden, in her eighth month, she is begging our son to marry her to save her from disgrace. He wants to, but his father won't let him. I say let them marry, even if it ends in divorce. Please, Abby, what should be done about this mess?

MOTHER IN THE MIDDLE

DEAR MOTHER: The purpose of a marriage is not to "save people from disgrace." It is a serious lifetime contract. These 17-year-olds appear ill-prepared for such responsibilities. Unless a clergyman can give them a crash course in what is expected of the holy sacrament of marriage, which I doubt, I would not push too hard for a wedding. Furthermore, your boy offered to do "the right thing" when it made sense.

DEAR ABBY: There is a lady who lives in our neighborhood who is a real problem. She doesn't know how to drive and she can't park a car. Either her back end is sticking out in the street or else her front wheels are up on the curb. She has even parked on the sidewalk, and I'm not kidding. I swear I don't know how she got a driver's license. When people see her driving down the street, they pull over and give her the whole road. Shouldn't someone tell her to learn how to drive or to stop driving? I think she is a menace.

CONCERNED

DEAR CONCERNED: I'm surprised the local police haven't offered to give her a few lessons.

Tip her off in the name of friendship and public safety.

DEAR ABBY: What on earth is wrong with a person who either has to monopolize the entire conversation or else stays completely out of it? She also breaks into the conversation when others are talking and changes the subject to suit herself.

F. S.

DEAR F. S.: The behavior you describe is typical of a person with defective hearing. Unless she does all the talking, she feels "out of it" because she can't hear what's going on. Encourage your friend to have her hearing tested.

CONFIDENTIAL TO "TOO YOUNG TO WED AND IN TROUBLE": Tell your parents the truth IMMEDIATELY. I promise you they will help you.

How's the world treating you? For a personal unpublished reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to ABBY, Box 3365, Beverly Hills, Calif.

Businessmen Meet Thursday

EAST Stroudsburg Businessmen's Assn. will meet at 6:30 p.m. Thursday at the new Pen and Sword Restaurant.

Items on the agenda include a welcome for the New York Titans, football team, and promotional events.

Rest experts say a normal person probably would die if he were forced to stay awake for 10 days.

U.S. Fencers Open Drills At ESSC Today

First Olympic Camp Ever Held By Group

UNITED State's first training camp for Olympic fencers will open today at East Stroudsburg State College.

The camp will run for 15 days under the direction of Hugo M. Castello, fencing coach at New York University.

A total of 38 Eastern fencers, all candidates for the Olympic squad, have accepted invitations to participate.

The training program will consist of physical conditioning, fencing instruction, mobility training, strategy and tactics. The fencers, including a number of current and recent national champions, will follow a rigid training schedule. Their day will start at 7 a.m. and they will be back in bed by 11 p.m.

Jay Scores Eighth Win For Reds, 5-2

CHICAGO (AP)—The Cincinnati Reds, winners of 19 of 25 games during May, launched June with a 5-2 conquest of the Chicago Cubs Friday.

The Reds, making their 1962 Chicago debut, lost little time fashioning a 4-0 lead in the first inning to send big Joey Jay on his way to his eighth victory. Jay, who has lost four, gave up seven hits in his 13th start and sixth route-going performance.

Ten Cincinnati batters went to the plate in the first inning as Frank Robinson's single scored Marty Keough, who had tripled, with the first run. Jerry Lynch doubled to score Robinson after Frank stole second.

Losar Don Cardwell then served his 11th homer of the year to Gordy Coleman, whose drive into the right field bleachers was his seventh home run of the year.

Keough, playing in enter for injured Vada Pinson, singled across the Reds' fifth run in the fourth before Cardwell left in the fourth inning with his sixth loss. Cincinnati 400 100 000-5 8 1 Chicago 100 000 001-2 7 1

Demolition Derby June 3 At Allentown

JERRY Fried, auto race promoter, has just announced the scheduling of the most spectacular show ever to be produced in the Pennsylvania area.

This fantastic show is expected to draw more than 10,000 people from miles around to witness 100 cars being crushed, wrecked, and demolished in the Demolition Derby.

There will be 100 drivers ranging over 175 tons of automobiles battling a grueling contest of man versus steel in an event that will long be remembered throughout the rest of your life.

By special arrangements with Spectacular Promotions of New York, who will be on tour of the United States and Canada, Fried will present this "Show of Shows" at the Allentown Fairgrounds on Sunday, June 3 at 2:00 p.m.

This spectacular will be a major highlight of Allentown's Bicentennial Celebration. Never before in the history of outdoor promotions has there been staged such an action-packed, death-defying exhibition of human daredevilism.

O-K Defeats Poc. Bowling In Softball

OLYMPIC-Keiper had to go an extra inning yesterday to defeat Poccon Bowling Center 2-1 in Monroe County Softball League play. J. Stoddard hurled a 3-hitter for O-K.

The winners pushed across a run in the last of the eighth to break a 1-1 tie. O-K, however, Bowling took a short-lived 1-run lead in the sixth, but O-K tied it up in the seventh.

L. Ison for PBC and D. Tranter for winners snatched the only extra base hit as they recorded triple outs. Ison also had two hits as did H. Pfeiffer for O-K in pacing their respective teams.

The line score:

Buyer Ready If A's Want To Sell Club

KANSAS CITY (AP)—The Chamber of Commerce says it has someone ready to buy the Kansas City Athletics if owner Charles Finley is not happy with his franchise.

"Under any condition, we intend to remain a major league city," the chamber said in telegrams to Joe Cronin, president of the American League, and baseball Commissioner Ford Frick.

J. R. Dominick II, president of the chamber, referred to continuing reports that Finley wants to move the club to another city.

He asked to meet with the other nine owners at a time and place of their choosing.

The potential buyer was not identified. A local group had been formed to buy the Athletics after the death of owner Arnold Johnson in March, 1960, but was outbid by Finley who took over the club in December that year. Finley is an insurance executive in Chicago.

Last month it was reported Finley had talked with other league owners on the possibility of moving the Athletics to the Dallas-Fort Worth area.

In Chicago, Finley told The Associated Press:

"All I can say is that my ball club is not for sale. I have no further comment, except to wonder about the enthusiasm of Mr. Dominick in major league baseball for Kansas City. He canceled his order for eight season tickets after last year and I had to contact him personally and talk him into renewing them for this season."

Harold Johnson Is Recognized

NEW YORK (AP)—There was a touch of drama in Ring Magazine's latest monthly ratings of the world's boxers.

Harold Johnson, the light heavyweight who fought in the shadow of Archie Moore for many years, finally earned Ring's recognition Friday as world light heavyweight champion for his victory over contender Doug Jones. Moore now is considered champion by his home state of California.

Sugar Ray Robinson, former welterweight and many-times middleweight champion, was dropped from the ratings for the first time in more than 20 years, except for his retirement period of 1952-55. The 42-year-old New Yorker was erased from the list of contenders because of his inactivity.

Thailand's Pone Kingpetch, who was only four when Sugar Ray first started boxing professionally, was named Ring's fighter of the month for his successful defense of the world flyweight title against Japan's Kyo Noguchi at Tokyo.

Australia's Bruce Crampton leaped into contention at 133 by racking up a 33-0-63, equalling the course competitive record.

With Crampton at 133 were Tommy Jacobs (68-65), National Open champion Gene Little (66-61), Don Whit (67-66) and Jay Hebert (68-65).

The round trimmed the 140-man field to 30, with the cut coming at 146. The field will be trimmed to the low 60 and ties Saturday.

Sprinters Hold Limelight But Cicada Is Also Topic

By ORLO ROBERTSON
Associated Press Sports Writer

With one notable exception, sprinters race for the big money on the American turf Saturday.

The major exception is Belmont Park's \$75,000-a-d-d-e Mother Goose in which eight 3-year-old fillies, headed by the highly regarded Cicada, tangle at 1 1/4 miles. Suffolk Downs also features a distance race in the 1 1/4 miles of the Bayard Tuckerman Jr. Handicap on the grass but it is only a \$15,000-added event.

All of the other top races are for speed horses. They include the \$25,000-added Hollywood Express at Hollywood Park, the \$25,000-added Clang Handicap at

Washington Park, the \$20,000-added Polly Drummond for 2-year-old fillies at Delaware Park and the \$15,000-a-d-d-e Oceanport Handicap at Monmouth Park. The Clang and the Oceanport are at 6 furlongs, the Hollywood Express at 5 1/2 furlongs and the Polly Drummond at 5 furlongs.

Cicada, 1961 two-year-old filly champ from C. T. Chenery's Meadow Stable, is the world's leading money winning filly with earnings of \$494,163. And she is the 1-2 favorite to pick up the major share of Saturday's purse of \$87,675. It'll be \$56,989 with eight starters.

The Meadow Stable star has bowed only twice in seven starts this year, losing to Smashing Caul, an older mare, and Riddan, high ranking 3-year-old colt. Her most recent triumph was an easy score in the mile of the Acorn, first leg in New York's triple crown for 3-year-old fillies. The Mother Goose and the \$100,000-added Coaching Club American Oaks at Belmont Park June 23 complete the series.

Cicada, who'll be ridden by Willie Shoemaker, is expected to get her most serious opposition from Firm Policy, Tamarana and Upswept. Firm Policy, to be ridden by Johnny Sellers, wasn't in the Acorn field but since has won a mile race in 1:34 4/5, a clocking bettered only by Carry Back's 1:33 3/5 in New York this season. Tamarana was runner-up in the Acorn and Upswept was a fast closing third.

Gap Regatta Starts Today

The regatta is sanctioned by the American Power Boat Association and the Delaware River Outdoor Racing Assn. The regatta ends Sunday night.

Sponsored jointly by the Delaware Water Gap Chamber of Commerce and the Atlantic Refining Co., a total of 170 racers will compete in the two-day event.

Bankers Defeat Penn-Stroud 3-2

FIRST National Bank held on to its early lead to nip Penn-Stroud 3-2 in Stroudsburg Little League game yesterday.

The Bankers' Siegfried picked up the win as he fanned 13 and walked one. McFarland and E. Strunk were the hurlers for Penn-Stroud. Both teams connected for six hits.

Alternate for the winners got 2-for-3 as did Barton and McFarland for the losers.

Sayburg To Host Villagers Sunday

League-leading Saylorsburg will be out to advance its two-game margin Sunday when it plays host to Tannersville in Pocono Mountain League game.

Fighting to hold their top spots will be Bowmanstown and Stroudsburg. But one will have to lose when the two battle at Saylorsburg's Gordon Giffel Field.

In other scheduled action, Bushkill travel to meet the up-and-coming West End and Barrett visits Reeders.

Banquet Tonight

COLONIAL Pocono Mountains Bowling League will hold its annual banquet at 7 p.m. tonight at Heddy's.

No Rodeo, Pardner! Colts Ordered To Wear Hats And Boots

HOUSTON (AP)—The Houston Colts have received a mandate to wear their blue western hats and boots on road trips.

There has been a bit of grumbling about rodeos ever since owners of the new National League club purchased the \$200 outfits for travel wear at the start of the season.

About 10 players failed to wear the western garb on a Monday trip from Cincinnati to Chicago.

Western garb was the subject under discussion Thursday in Chicago as Manager Harry Craft held a closed door session with his players.

Craft refused to discuss what took place but he did say:

"They voted 100 per cent for the western suit before the start of the season."

"We will wear the suits," said Hal Smith, catcher and player representative. "We voted to wear them. That's all there is to it."

From all reports, the players, in effect, were advised: "You voted for the western outfits; now wear them."

Some players had said they were a bit sensitive to such airport and stadium remarks as "Where is the rodeo?" and "Where's your horse?"

Several had said they thought the suits and the blue hats and boots gave the club a circus-like appearance.

Charley Scott Favored 8-5 In TV Bout

NEW YORK (AP)—Stan Harrington, loser of the only bout he has fought outside of his native Hawaii, returns to the scene of the defeat Saturday night in an effort to even the score.

The 28-year-old Honolulu welterweight faces sharp-punching Charley Scott of Philadelphia in a 10-round television (ABC TV 9 p.m., EST) feature at Madison Square Garden. Scott, 62, has been made the 8-5 favorite although Harrington has a winning streak of five.

In his first venture on the mainland, the husky Harrington dropped a controversial, split decision to Gaspar Ortega of Mexico at the Garden, Jan. 7, 1960. A majority of ring critics thought Harrington deserved the nod despite Ortega's eye-catching finish in the last three rounds.

Harrington, a pro 8 1/2 years, has a 40-8-4 won-lost-draw record, including 21 knockouts. But he has scored only one knockout in his last 19 fights. In his only scrap this year he outpointed L. C. Morgan.

Scott, a pro nine years, has been tougher opposition than his opponent and that's probably the reason for his favorite's role. He has split in four bouts this year. One of the victories was a decision over Ortega. Scott's record is 30-18, including eight knockouts.

How Come?

BALTIMORE (AP)—A cub reporter would have a hard time believing that Steve Barber won 18 games for Baltimore in 1961. Or that Oriole shortstop Ron Hansen played 155 games. Or that Tony Kubek played 153 games for the world champion Yankees and hit .276. They are not listed on the rosters in the American League Red Book other than below their teammates. The notation says: National Defense Service List.

"I guess we're supposed to guess what they did in 1961," said one writer.

Liney Herbert Hapay
AUGUSTA, Ga. (AP)—Despite going four over par with a four-round 292, Lionel Hebert, representing Kern City, Calif., was happy about winning \$1,000 in the Masters.

"In six years this is the first time I've had my name on the board," said Liney after his third round. Liney was referring to the big scoreboard which lists the leaders.

Gettysburg, Ithaca Coll. Win In NCAA

UNIVERSITY PARK, Pa. (AP)—Gettysburg upset powerful St. John's 7-5, and Ithaca College of New York edged Penn State 7-6 Friday in the first round of the NCAA District 2 baseball playoffs.

The winners will clash Saturday for the district championship.

Gettysburg, a definite underdog, parlayed six hits and two St. John's errors in marching to victory. Trailing 2-1, the Bullets went ahead to stay in the third inning on a two-run homer by leftfielder King Gore.

Ithaca took advantage of four Penn State errors to push across five unearned runs for its victory.

Catcher Dick Rockwell, a .310 hitter for Ithaca drove in the winning run in the seventh inning with a single scoring Walt Lynne from second base.

Lynne reached first on a fielder's choice and advanced to second on an infield single by Bill Odell.

Relief hurler Dick Lindamer was the winner.

Bob Fenton went the distance for the Lions, allowing seven hits and three earned runs.

New Duckpin Champ

MILFORD, Conn. (AP)—Mrs. Ruby Hovanic of Derby set a new six-game women's duckpin world record with games of 149, 117, 190, 137, 122 and 133 for 848.

The former mark of 846 was rolled by Ann Skeite of Bethlehem, Conn.

Mrs. Hovanic is a member of the 1961 national champion Bridgeport girls' team.

In breaking the record at a tournament here, Mrs. Hovanic made 24 spares and only six strikes.

Pirates Beat Colts 8-4 For Sixth Straight Win

PITTSBURGH (AP)—The Pittsburgh Pirates won their sixth straight game Friday night, whipping the Houston Colts 8-4 in a slugfest.

The Pirates pounded out a total of 13 hits. The attack was sparked by Roberto Clemente, who homered, doubled, and singled, and Smokey Burgess, who belted a double and two singles.

The Colts pounded Pirate pitching for 12 hits but only one, a

double by Joe Amalfitano, was for extra bases.

Elroy Face, the last of three Pirate hurlers, was tentatively credited with the victory, the official scorer saying he would allow the league office to designate officially the winner.

Jim Golden, who shut out the Pirates 2-0 at Houston last Saturday, was the Colts' starting pitcher, but he was shelled from the mound in the third. Golden was charged with the loss and is now 3-2.

Hogan, Turnesa Withdraw As U.S. Open Qualifiers

FORT WORTH, Tex. (AP)—Four-time U.S. Open golf champion Ben Hogan and Willie Turnesa, twice winner of the U.S. amateur crown, withdrew Friday from the 1962 U.S. Open qualifying field.

Hogan was scheduled to make his first qualifying test since 1940 in Pittsburgh Monday but reported from his hometown here that he had lost a week's struggle against berisitis.

"Naturally, I'm sorry I can't play," he said. "The only year I missed was the year of the wreck. But these things happen. The only thing I can say is that I'll try again next year."

Hogan said he first was bothered by pains in his left shoulder during the Colonial National Invitation here two weeks ago.

"I didn't do anything for it," he said, "just tried to work it out. But it wouldn't work out."

He said he tried to practice Thursday and decided then that his arm wouldn't allow him to compete.

"I couldn't swing," he said. Turnesa, whose home is in Elmford, N.Y., was to have qualified in the New York area.
